TAKE SHOBO

Yurume came to the capital in order to puruse her dreams
She's a dream hunter.
You could also call her a prep school student
Hi, this is Yurume

I study...
Sometimes?
Every day is tough...
Well, not really

Before I realize it I'm just staring at my hand

When...
did I last go to school....?

They're always so bright,
fun...
huh...
something... must've happend
I am very good friends with the people in this apartment

And like this, I'm living life slowly
It's okay! Yay!
Um...
What day is it today...?

Um...
At least they're mostly healthy

Here we go
